

## 4-H Club Achievement Day Was Big Success

### REPRESENTATIVES PRESENT FROM THREE COUNTIES

Achievement day of the 4-H clubs of the counties of Otsego, Montmorency and Crawford was held in Grayling Saturday with some 150 boys and girls present. The day was a success from start to finish and Grayling club of ten members with Mrs. Harold Skingley as leader were voted very royal hosts.

The exhibits of the various bits of handiwork and specimens of farm products, canned fruits and vegetables were on display in the Michelson Memorial church parlors from 10:30 a. m. until 3:00 p. m. where the public had been invited to view them and many availed themselves of the opportunity.

At noon the banquet was held for the members and this was served by the Woman's Home Missionary society and they put on a very fine meal. In the afternoon a program was held at the school auditorium and at this time the various prize winners were announced. Each member of each club receives a prize on Achievement day, besides other awards that are made, and of the latter Jean Wright won first prize, Mary Montour second, Yvette Stephan third, and Elsie Mae LaMotte, fourth, for canning. The fruit these girls displayed, that they had canned themselves would make any mother long to have a daughter trained to do the job so handsomely. It was just about perfect.

There are seven canning clubs and some five potato clubs in the 3 counties and all received similar prizes for their fine exhibits and there were also some sweepstake prizes, but none of these went to Grayling.

#### The Program

For the afternoon program, besides the awarding of prizes each club took part by giving recitations or musical numbers and for this Grayling club presented a two-act play, "The Special Chair" which was exceptionally good, they receiving many fine compliments on their talent. Miss Peeke, English teacher of Grayling school was the director and to her goes the credit for this fine presentation. The cast of characters was as follows:

Mr. Willis, the father  
Mary Montour  
Mrs. Larkin, a neighbor  
Elsie Mae LaMotte  
Mary and Connie Willis, daughters  
Margaret Buck and Virginia Skingley  
Tom Willis, a son  
Laura Ann Rasmussen  
Aunt Alice, the nurse

This was a story of the father being left with three children to rear, the mother having passed away. The girls having taken up 4-H club work were making an effort to make the home over, much to the father's chagrin. However after some time he realizes the value of the training they have received and so he eventually lets them do as they had planned and, as most stories end, they lived happily ever after.

Saturday was a red-letter day in the lives of the fine, large

group of boys and girls who met here, and they were very welcome and are invited to come again soon.

### MERCY HOSPITAL IS ON APPROVED LIST

This community again takes pride in the fact that our hospital is approved by the American College of Surgeons. Inspection showed that the institution had complied with the standardization regulations set up by the association.

Seventy-eight hospitals in forty cities of the state were placed on the approved list.

## T. Peterson Elected V. Pres. E. M. T.

T. P. Peterson was elected 3rd vice president of the Eastern Michigan Tourist association at the annual meeting held at the Log Office in Bay City Tuesday. Sam Yockey of Harrisville was elected president for the year. The business meeting was held in the forenoon and in the evening the annual banquet was held at the Wenonah hotel. Preparations were made for about 500 but 700 were in attendance and many failed to get seats at the tables.

This was the silver jubilee meeting of the organization, and the program was carried out accordingly. Mike Gorman, editor of the Flint Journal, was the toastmaster. Among the speakers on the program were Gov. Fitzgerald, and Ben East, outdoor writer for the Bothe papers. Among those from Grayling in attendance were T. P. Peterson, Mayor C. W. Olsen, Holger Peterson, Fred Welsh, George Burke Charles E. Moore, Mrs. Thomas Cassidy, Roy Trudgen, and O. P. Schumann.

## H. R. Bay Funeral Held Here Sunday

The remains of Hanson R. Bay arrived Saturday from Cornwallis, Montana, and were taken to the home of Lars Rasmussen. Mrs. Bay and sons Hans and Edward accompanied the remains, returning again Tuesday to Montana.

The funeral was held Sunday afternoon with services at the Danish-Lutheran church, Rev. Hans Juhl officiating. Pallbearers were old friends and there was also many old friends of the family in attendance at the last rites.

In the early days Mr. Bay was a well known lumberman of northern Michigan, residing at Otsego and later at Lewiston, leaving several years ago for Montana, where he operated a general store. Mr. Bay was 80 years old, and he passed away at his home on October 20, from a heart ailment.

Friends of the family extend sympathy to the family in their bereavement.

#### BENSINGER-GOTHRO

Simplicity marked the wedding, Saturday, of Miss Ellen Gothro, daughter of Mr. and Mrs. Herbert Gothro, of this city, to Mr. Robert Bensinger, of Lansing.

The marriage was solemnized at eleven o'clock in the living room at the home of the bride's parents. Decorations were very nicely carried out in fall colors, with large baskets of bitter-sweet, holly, and evergreens making a very pretty background.

The bride was lovely in a crepe-back satin gown of a dark green shade, which color was also chosen by her attendant, Miss Eula Austin, of Lansing. Kenneth Gothro, brother of the bride, was groomsmen, and Rev. Edgar Flory of Michelson Memorial Church officiated.

Following the services a wedding dinner was enjoyed by the immediate members of the family, and a few friends. Dining room decorations were carried out in green and white. Shortly after, the young couple left for Lansing, where they will make their home at 415 So. Pennsylvania Boulevard.

Mrs. Bensinger is a graduate of Grayling High School of the class of 1929, of which she was a popular and active member. During that same year she was chosen as Grayling's representative at the East Michigan Water Carnival, which was held at Bay City, in August of that year. She has been an employee in the secretary of state's office at the State Capitol building in Lansing for the past couple of years.

The groom is a son of Mrs. Mary Bensinger, of Lansing, and is an inspector at the Lansing Oldsmobile factory and a member of a Lansing orchestra.

Out-of-town guests attending the wedding were the groom's mother, Mrs. Mary Bensinger, and brother, Robert, of Lansing, and Mrs. Violet Brown, of Lewiston.

The Avalanche joins a host of friends in extending congratulations and best wishes to the young couple for a long and happily wedded life.

#### GRANGE HARVEST DINNER

The Grange will give a Harvest dinner at the Oddfellow hall Saturday, Nov. 2nd from 11:00 until 2:00 o'clock. Price 50c. Mrs. John Knecht, who is chairman of the dinner, says the menu will be as follows and will be served farmer style:

Chicken Mashed Potatoes  
Biscuits and Gravy  
Mashed Squash Cabbage Salad  
Cottage Cheese

Assorted Cheese  
Bread and Butter  
Assorted Pies  
Coffee Tea

#### Notice to Taxpayers

October 31st, 1935 is the last day to pay 1933 and 1934 tax without interest and penalty.

On and after November 1st, \$1.00 advertising will be charged on each description delinquent for 1933 tax, and interest at the rate of 1%, dating back to the day the land became delinquent.

This would mean \$15.75 per \$100.00 tax for 1933 and \$6.75 per \$100.00 tax for 1934.

Pay before November 1st, 1935 and save money.

W. FERGUSON,  
County Treasurer.

## TRAFFIC CARELESSNESS

How many times have you come upon the scene of a motor vehicle accident at an intersection, found two or more cars all folded up like paper boxes, with baggage, seat cushions and personal effects well scattered over the countryside, and the operators arguing bitterly as to who was responsible for the crash? Many times, I dare say—altogether too many times.

This very thing happens hundreds of times daily in every community of our state, the only exceptions being those cases where the operators and passengers—some or all—are in no physical condition after the crash to argue as to responsibility. But, generally, if not at the immediate scene, then at the nearby doctor's office, the argument continues and waxes hot and loud, with neither operator giving a thought to the possibility that there may be other elements entering into this responsibility than just the actions of the drivers.

How many of these operators note the visibility, conditions at this intersection, how many or to what extent lack of view, because of shrubs, tall grass, buildings, sign boards, etc., contribute to the crash, or the condition of the highways, their width, surface, shoulders, and whether or not there are stop or slow signs, warning signals, etc., and if so, their condition, what the weather and atmospheric conditions were, and, if at night, the lighting conditions.

These and many other similar facts must be obtained before a complete and intelligent report can be made to the police or sheriff's department later. This report is compulsory, you know, and it must be made within forty-eight hours to the nearest or most convenient officer, in any case where there is an injury or death or in any accident wherein one or more of the vehicles involved cannot be driven away under their own power.

These reports are forwarded to the Michigan State Police Department by all enforcement agencies that they may be compiled and analyzed to determine the numbers and causes of accidents. Many things depend upon these analyses, such as the types of violations which are shown to be principally involved, which are later stressed by the police agencies—in other words, added emphasis is given in enforcement, in the issuance of traffic tickets, warning cards and the like. From the standpoint of the highway engineer, these analyses show where these dangerous locations exist, and how to proceed with their elimination; from the educational standpoint, by showing where and on which type of traffic mistake more educational literature should be disseminated.

If you are unfortunate enough to become involved in one of these catastrophes, before you lose your temper and attempt to tear the bricks up out of the pavement to throw at the other operator involved, give a thought to some of these things. Your insurance man will ask for them anyway. And if your report is complete and intelligent, you will be doing your part, not only in helping the officers to eliminate some particular hazard, but by helping to make the highways safer.

## HALLOWE'EN PARTY ENJOYED AT HAYLOFT

Saturday night marked the event of the annual Halloween dance at the Hayloft. Hall decorations were in black and orange with gaily colored jack-o-lanterns making the hall very festive. Masked dancers were dressed in every manner of disguise. Prizes went to Miss Marjorie Broadbent, best dressed lady; Ray Skingley, of Whispering Pines, best dressed man; Esther Butters, most comically dressed lady and Miss Frances Vulek, who was disguised as a man, won the prize for the most comically dressed man. A consolation prize was also given to Beth Ann Bertl and Hazel Barber, two little Roscommon girls, who were in Dutch costume. Also the center of a great deal of attention were the five girls who were dressed in pink and white frocks and carried dolls, nursing bottles, etc., to represent the Quintuplets. They were Virginia Skingley, Norma Griffith, and Dorothy and Donald Latham, and Mrs. Beatrice Bertl, of Roscommon.

## AN UPSTATE PROTEST ON THE 1 A. M. CLOSING

To the Editor: This 1 a. m. closing of liquor places isn't right and doesn't even sound good to the people around this part of the state.

If Gov. Fitzgerald wants to cut down on people's drinks in Michigan, why doesn't he take all of the chairs and tables out of these drinking places and make people stand up to drink?

There isn't one man out of a hundred that would go into these places with a woman and stand up until 2 a. m. just drinking and dancing.

## Forester Killed In Auto Accident

A dense fog was responsible, Wednesday morning, for a high-way casualty which caused the death of a driver and the injury of two other motorists.

The wreck occurred about one o'clock on U.S.-27, about six miles north of Grayling, when a 1/2-ton Chevrolet pick-up, driven by Francis Labadie, of Kalamazoo, ran into a 1 1/2-ton Ford truck driven by Harold Scott, of Coleman. Both drivers were heading south. One of the tires on the duo wheel of the truck driven by Scott had blown out and as the truck was heavily loaded with potatoes, it was necessary to drive slowly and he was trying to make Grayling for repairs. Labadie was evidently driving at a very great speed since the impact was so great that potatoes from the lead truck were thrown into the rear of the pick-up.

Labadie's skull was so badly crushed that he died before the ambulance, which was rushed to the scene of the accident, could reach the hospital. Scott is in a very critical condition at Mercy Hospital. His companion, Ellis Merks, of Coleman, was wandering about in a very dazed condition when he was picked up and brought to Grayling by Ray Murphy, of Frederic. Although he was quite badly bruised, it was not necessary for him to be given medical treatment. Both Scott and Merks are estimated to be around forty years of age.

Labadie, who was only 21 years of age, was a forester and carried on his work at Camp Pioneer, Co. 1611, where he was very well liked.

The remains were removed to Kalamazoo today.

## Boy Scout Doings

All is in readiness for the biggest project the scouts have undertaken. After nights of endless work, results are showing and the school gym is transferred into a scene of festivity. Each booth and game is in good hands. The Juniors and Seniors have entered into the spirit of the party and have given the scouts a big boost, which further insures the success of the all-school Halloween party. Among the games will be bowling, pitch ball, free throw, and keno. Prizes will be given the winners of these games. For other attractions a future picture of ones self may be obtained from an expert photographer. "Rajah Loka the Great" will tell the fortunes of the anxious ones. A museum showing the "Seven Wonders of the World" will be open to those wishing to see great things.

During the special program from eight to nine, a short play, "Election Night in Pumpkin Hollow" will start the proceedings.

Following this a cracker chewing contest will show down some of the guests. A tug of war for girls—an apple dunking contest, a tug of war for boys, and the amateur contest will follow in order. The program will close with two fast boxing bouts. Sammy Lovely and Joe Bowen will be the semi-final attraction for lightweight, while Kid Shadow boxes Sugar Smith in the final for medium weights.

For the amateur contest the Rialto Theatre is giving the first two winners the opportunity of appearing for two nights on the stage. A valuable third place prize will also be given. During this program three prizes for the best costumes will also be given.

The prizes will include a year's subscription to the American Boy, a pen and pencil set, candy, and other articles of use and value.

The party is for school children. Parents are invited to view the fun from above in the balcony. Admission 3 cents for school children. Parents free.

Be at the Scout Halloween party tonight, Thursday, Oct. 31. School gym. Party starts at 7 o'clock.

## Among the Clerks

(By J. Wellington Bumsted)

Restaurant goers were very well entertained last Saturday night by happy-go-lucky masqueraders, who, earlier in the evening, had been reveling at the Hayloft Mask ball. Halloween—one time of the year when one can be anything he desires from king to farmer—throws everyday conventions to the four winds, and have a "hair-raising" good time.

Anyone looking for an excellent hired man? Nick Schjotz is harboring a genius along that line. In everyday life "he" is Mrs. Annabelle McLeod, but "Mrs. Annabelle" was on a vacation and "McLeod" was having the time of "his" life! Dressed in manly attire and with an easily-adapted line of French conversation, it was no wonder the crowd was enjoying it hugely.

What distinguished "beer slinger" and erstwhile floor-sweeper is very well-known for his ready wit and his amusing—manner of entertaining last-minute guests? "Yes, maam, you 'gues' it—it is one of Spike's handy-andys!"

County Clerk Axel Peterson is a much better fisherman than he is a hunter—temporarily at least. It was very little effort for C.C.A.P. to haul in a 13 pound lake trout but he didn't even have the satisfaction of bringing home a single pheasant. There's an old saying that "Those who have pudding can't have pie" and on the other hand it's just as well he didn't get his limit. There are fellows who have to work with him. He was accompanied by Mrs. Peterson, and they visited at the home of Mr. and Mrs. Claude Parker, near Lansing.

Miss Marie Brown, of Hanson's Service Station and garage, has been dismissed from Mercy Hospital and it is expected that she will soon be back on the job.

You can't beat the Irish. French, Scotch, etc! Harry Reynolds left Mercy Hospital, Wednesday, and hopes to be as good as new, very soon.

Bunny Montour has decided that the broom and dustpan will be about all she can handle for a while—so she isn't at the Plaza Grill, anymore!

#### The Twelve Apostles

The twelve Apostles were: Andrew, Peter, James, John, Philip, Bartholomew, Matthew, Thomas, James the less, Jude, Simon Zelotes and Matthias. The last named was chosen by lot to take the place of Judas Iscariot.

## Someone Stole the Minute Hand

KENTUCKY Colonel C. B. Emerson, floor manager in charge of the majority side of the house, inspects the famous clock below the gallery of the house of representatives. Said to relate a familiar fact "borrowed" the minute hand, the clock was set back an often time, so that it would not be 12:12 when the house adjourned. As a result the chamber has been locked until the next session convenes.

THURSDAY, OCTOBER 31, 1935

A. R. CRAIG has discontinued his bakery business here and left for Sudbury, Ont., where he will work for a brother who is manager of a large mining institution there. Mr. Craig was a good baker and made bread that was unequaled anywhere, and built up a fine trade in Northern Michigan. His ambition for expansion apparently got him into pressing financial troubles and for the past several months things apparently weren't going any too well with him. We are indeed sorry to lose Mr. Craig. He was a good citizen and was one of the men who could be relied upon to do his part in community service upon all occasions. We are sure our school and independent basket ball teams owe a debt of gratitude and friendship to Mr. Craig for the generous way in which he used his large bakery truck for transporting teams to other cities. This he did for many years, most of the time paying all the expenses. And in many other ways, Mr. Craig was a generous citizen. Let's not forget these fine acts and continue to hold a warm friendship for this former citizen. We wish him the best of success in his new endeavors.

DAVID CROWLEY was last week appointed to the office of attorney general by Governor Fitzgerald to succeed Harry S. Toiv. A brother of our former townsman Ed Crowley, Mr. Crowley is a product of Cheboygan and because of his brilliant work as an attorney was appointed first assistant attorney general by Grant Fellows. That department of state is certainly in good hands with Mr. Crowley at its head.

**DOWN** St. Clair County way, the summer lingers. The dawn comes later. Day with rosy fingers. There is no hint of autumn rain. The wildwood is green and fragrant as the land to childhood.

The bees are humming still. Mid summer gladness. Brings in the silver all no hint of sadness. The winter snows will fall, but in the glowing. Red sunshine, green and tall the corn is growing.

Down St. Clair County way, were I a sparrow, I'd fly at close of day straight as an arrow. Above in the dark wood, I'd need no guiding. For in the solitude a dream is hid.

The Scout committee composed of Fred Welsh, A. J. Joseph, Roy Milnes, H. F. Peterson, and Scout Master Frank Bond attended a district Boy Scout meeting at Bay City Friday evening. Mr. Welsh was honored by being elected chairman of the North Central District of the Summer Trails Council. This district is made up of five counties, including Gladwin, Arenac, Roscommon, Crawford, and Otsego. The chairman fills the key position in carrying out the scout programs.

Dr. N. O-Yong Park, Chinese lecturer, talked before Grayling High school Wednesday forenoon. In an informal way he explained the economic conditions of his country and Japan as related to other countries. With 120 workers receiving only about 20¢ a day for their labors, their manufactured articles may be sold for much less than similar ones made in America and most other countries. He exhibited a shirt that in this country sells generally for \$2.50, that he personally purchased in Japan for 40¢. Other similar illustrations were offered showing that that nation is a real world problem in competition with manufacturers in countries where labor is paid higher prices. The people of these

Oriental countries are able to live well on a fraction of the cost of the peoples of other countries.

The fire department was called out shortly after eleven o'clock today, to put out a blaze in the roof of the garage at the home of Mrs. Markley, on the South Side. It has not been determined just how the fire started but it was soon extinguished and very little damage done.

When Mrs. Adams, editor of the Charlevoix Sentinel, was given a surprise party on the occasion of her 73rd birthday last Friday, at the home of her son in that city, he said that the greatest surprise of all was when his old pa, George Burke of Grayling was found to be one of the guests. And we'll bet his fair weather when these old friends get together. And may the Avalanche add its best wishes.

John T. Clement, who lived in Grayling when he was a boy, passed away at his home in Detroit Saturday and the remains were brought to Grayling for interment Wednesday morning.

Mr. Clement was 49 years old and the cause of death was leukemia. He was a son of the late Levi Clement and they left Grayling some 35 years ago. Mr. and Mrs. Bert Mitchell and Mr. and Mrs. Bert Yoder of Lansing were among those who came to be an attendance at the funeral.

Frank Sales was the headliner on the Kiwanis program Wednesday when he gave a resume of the financial and economic conditions of Crawford County going back about 21 years. He gave figures showing the assessable acres, their valuations, and amount of taxes raised for each year up to the present time. It was a very comprehensive report. He has agreed to compile a summary of the highlights of his report for publication in an early issue of the Avalanche. The group surprised President Clapp when they "Happy Birthday to You," the day being his anniversary.

One of the finest Halloween parties of the season was that given Tuesday evening at the Frank Saling home. Miss Madeline Carriveau presided as hostess and guests were members of the Girl Graduate Sewing Club. The occasion was also a miscellaneous shower to honor Mrs. William LaGrow. The evening was enjoyed with games and contests appropriate for the Halloween season and prizes were won by Miss Dorothy Roberts, Mrs. Floyd SanCarter, Mrs. William Floyd, Miss Mildred Hanson, and Miss Martha Sorenson. Dining room decorations were in black, white and orange, with black cats and witches, making the table upon which covers were laid for ten ladies very attractive. Used as a center piece was a huge, lighted jack-o-lantern pumpkin, and orange and black nut cups were used as favors. Mrs. LaGrow was presented with many lovely gifts.

It is a common mistake to suppose that honeybees collect wax. Beeswax, says a writer in the Indianapolis News, is a product of digestion and is secreted by the worker bees in the form of tiny scales which appear between the segments on the under side of the abdomen. The action that bees collect wax to do is not from the fact that many people confuse wax with the pollen that bees collect and carry to the hive in small masses attached to the ends of their legs. This pollen is mixed with honey and converted into food for the young bees.

### Ship Canal Builder

Col. Brehon Somervell, U. S. A., is in charge of the construction of the Gulf-Atlantic ship canal that is being dug across Florida. It will be a sea-level waterway 200 miles long and will cost \$140,000,000. It is expected the canal will be completed in six years.

### Wood Preserved in Water

Water does not always hasten decay. Wood can be preserved for centuries in water in which it is free of fungi and bacteria. The only wooden objects made by Neolithic man on exhibition today were found in mud at the bottom of lakes or in swamps. Another example are the piles supporting the buildings of Venice. Many of them are still in good condition after being in service for more than 1,000 years.—Collier's Weekly.

## Isle Royal Owned By Many People

(Department of Conservation Press Service).

Of the 133,387.35 acres of land comprising the area of Isle Royal, the Michigan Isle Royal National Park commission has under option or offer to sell approximately 95 per cent in surface rights and 90 per cent in mineral rights.

"We have made no attempt to date to make definite offers to any commercial property holder," said E. G. Willemin, representative of the commission. "Such offers would require detailed appraisals of the present value of the property."

"In taking options on" Isle Royal the Commission merely is fulfilling the assignment given to it by the Michigan legislature by acquiring the land, if possible, as a necessary preliminary to purchase and administration by the National Park Service."

Isle Royal is owned in part by citizens of 14 states, a province of Canada and one foreign country. Title in about 10,000 acres is held by the federal government and the State of Michigan. Owners of surface and mineral rights on Isle Royal are located as follows, according to Mr. Willemin:

Minnesota, 34; Michigan, 19; Wisconsin, seven; Nebraska, six; Illinois, five; California, four; Oregon, two; Ohio, two; Indiana, Texas, Kansas, Florida, New York, Saskatchewan, Canada, and Liverpool, England, one each.

Approximately 20 of the owners are unknown and so far have not been successfully traced.

Well Known Ohio Man  
Finds Relief in Indo-Vin

MR. ANTHONY VEENEMAN,  
of 1811 Carel St., Cincinnati, says:

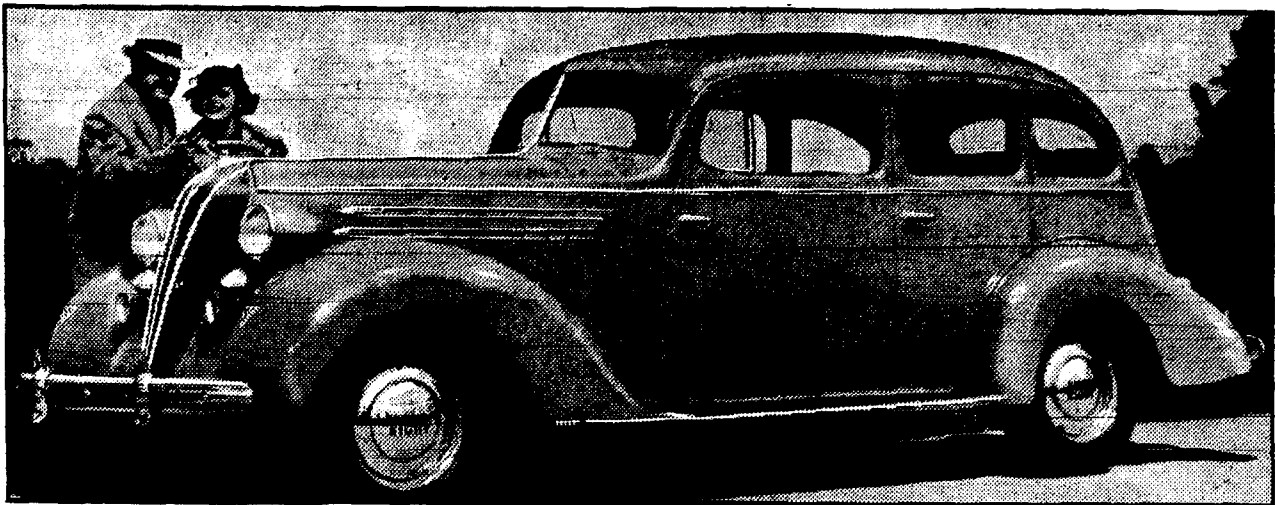

"My liver was sluggish and this caused my complexion to turn a sallow, unhealthy color. My meals simply would not digest AT ALL but would lay there in my stomach and would sour and turn to gas and I'd keep belching up a sour, bitter substance and would get into an awful state of pain and misery. I tried everything under the sun but nothing helped me until I got Indo-Vin and it has done me more good than everything else PUT TOGETHER. My complexion is healthy looking now and I have some real color in my face, and even my eyes are brighter. My meals are digesting perfectly now and my food agrees with me and it never turns sour and forms gas in my stomach like it used to. This medicine is the most wonderful thing I EVER heard of and I gladly endorse it." You can now get Indo-Vin at the Mac & Gidley Rexall drug store, here in Grayling, and from all good druggists throughout this section.

## New U.S. Highway Projects Next July

Murray D. VanWagoner, state highway commissioner, announced today the preparation of a new \$7,600,000 Federal Aid highway construction program to be launched next July.

The program, which is headed by four major projects, has been requested by the U. S. Bureau of Public Roads for early submission at Washington. Projects listed on the proposed program are scheduled for completion by July 1, 1937 when Commissioner VanWagoner's present term expires.

The four major projects included in the program are:  
1. Construction of a complete three-lane highway on US-16 between Detroit and Lansing.  
2. Completion of a paved highway on US-27 from the Indiana line to the Straits of Mackinac.  
3. Construction of a concrete pavement shore road from St. Ignace to Brevoort on US-2 together with additional paving on many other sections of this route and US-41 in the Upper Peninsula.

4. Construction of a three-lane highway on US-12 between Ann Arbor and Jackson.  
US-16 now has a three lane pavement from Detroit to Brighton. A two-lane gap between Brighton and Howell has been graded for three lanes. The three-lane pavement then starts again at Howell continuing just east of Fowlerville. Another two-lane gap between this point and Webberville. A three-lane pavement is now under construction from Webberville to Williamston. From this point to Lansing the highway is again a three-lane road.

With the exception of a gap starting 18 miles south of Houghton Lake US-27 will have been completely paved next year. Gaps between Olivet and Charlotte and south of Wolverine are on the present program.

The present program also calls for the construction of a three-lane pavement on US-12 between Ann Arbor and Lima Center.

Commissioner VanWagoner declined to mention any other projects he had in mind for the new Federal Aid program.

Virtually the entire amount of the current \$20,800,000 highway relief program is expected to be under contract sometime in December, the commissioner said.

## Question Box By ED WYNN The Perfect Fool

Dear Mr. Wynn:

I have been in America for the past six months without earning one dollar. I am an artist, having studied in France and Italy. I am an expert on portraits of women, having made a specialty of painting ladies faces. Can you tell me why I cannot get at least one job?

Yours truly,

MINNIE ATURE.  
Answer: You are in the wrong country. In the United States you will find that the women paint their own faces.

Dear Mr. Wynn:

I am filling out an application for a job as a letter carrier. One of the questions is: "How far is it from Boston to Tucson, Arizona? What answer shall I give?"

Yours truly,

WILLIE R. WON.  
Answer: Tell the government if that is to be your route you don't want the job without an airplane.

Dear Mr. Wynn:

According to my history teacher in school, Christopher Columbus took a couple of schooners and discovered America. Don't you think that is wonderful?

Sincerely,

IZZIE LYING.  
Answer: It was wonderful in those days, but if Columbus lived today and took a couple of schooners of the kind of stuff they are making now, there is no telling what he would discover.

Dear Mr. Wynn:

I am bookkeeper in an office where also works a pretty office girl. Yesterday we had an argument and she called me a "snake." Wasn't that awful?

Truly yours,

I. PUSHAPEK.  
Answer: Don't take it to heart. It sounds worse than what she probably meant. You see you are a bookkeeper, meaning that you were an "adder."

Dear Mr. Wynn:

During an English lesson at a night school I attend the teacher said that the two words "recollect" and "remember" can be used in the same sentence and mean different things. If this is true, will you give me an example?

Sincerely,

HANS N. FEET.  
Answer: The teacher is right. I "recollect" having a friend of mine say "yet I don't 'remember' ever forgetting it back."

## Camp News

CAMP HIGGINS LAKE

The educational distribution of the 88 men enrolled in this company as present is: fifth grade, 3; sixth grade, 5; seventh grade, 4; eighth grade, 54; ninth grade, 24; tenth grade, 25; eleventh grade, 12; twelfth grade, 38; one year college, 3; two years college, 1; three years college, 1; four years, college, 1.

Thirty-six selectees were received Friday morning of last week from Monroe county in the southeastern part of the state.

Capt. G. E. Murphy received a letter last week from the district commander, Major A. N. Stark, stating that this organization was one of the three companies in lower Michigan that were outstanding in care and use of government motor vehicles. Capt. Murphy gives all credit to the "individuals assigned as drivers" retaining credit only for selecting men who are "dependable and trustworthy" to quote his report in replying to the request for information on how such standards were maintained.

Lieut. S. H. Cropp has reported to this organization for duty as junior officer, being transferred here from Camp Custer headquarters. Lieut. Cropp was formerly at the Life Lake and Pioneer CCC camps of this sub-district.

Educational advisers of this fourth sub-district are planning on a conference to be held at Camp Pioneer Thursday afternoon, November 14th. The district educational adviser from Camp Custer will conduct the discussions.

Plans are being made at this camp for the organization of a sportsman's club.

Lieut. G. C. Gill talked to the CCC administration class Monday night on mess management, explaining why it is sometimes necessary to eat beans instead of chicken and steaks. He stressed that whatever went into the garbage was just so much lost to the mess fund. During recent months it has cost from 45 to 80 cents a day to feed an enrollee at this camp.

Most of the crews from this camp have been working on tree planting projects and at the Higgins Lake nursery during the past few weeks. Weather conditions have been very favorable for this work and with improved planting methods it is anticipated that a very high percentage of the trees will live.

The company has ordered a

dish washing machine for its kitchen.

CAMP AUSABLE  
Lieutenant Cole, District Construction Officer and Mr. Dykman, civilian construction engineer visited camp to establish flush toilet facilities.

Wells D. Hall, Educational Adviser of Co. 661 and Bill Christie, Adviser of Camp Ogemaw visited Ausable Friday and discussed a boxing league to be organized between Camps Ogemaw, Luzerne, Houghton Lake and Ausable. Final arrangements were made at a meeting at Camp Ogemaw Tuesday, Oct. 29. Lt. Hartley and Mr. Buchen represented Camp Ausable at the meeting.

While plans are being made several enrollees at Camp Ausable have started training for the first bouts. The men going in for boxing are: Mulbreght, Coulter, Cupon, Youngs, Lindstrom, French, Leckrone, H. Modreski, Teadiello, Hawley, Cunningham, and Spies. A punching bag has been put up in the mess hall with a back board fastened to the wall.

Steve Yurisch, bathhouse manager, constructed a cement foot bath for the showers to take the place of the wooden one that has been used for the past three weeks.

The ping-pong tournament to determine the camp champion has been completed and the champ is Enrollee Arthur Rosse. Maurice Benjamin was second best. Benjamin represented the Overhead and Rosse the Bullgang in the finals.

Mr. B. K. Buchen, Educational Adviser, and Bob Coulter, his assistant, attended the Fifth District Teachers' convention at Traverse City and enjoyed a fine lecture by Bishop Hughes of Washington, D. C.

## Lab Tabs

The loss of one of the small snakes from the laboratory has been solved. While in class Bob Welsh was surprised and more or less startled to see a snake reposing beneath a chair near him. The reptile was soon overpowered and destroyed but the lab is minus another good specimen of the vertebrae kingdom.

## Grade Rooms

The Honor Roll this month for the 2nd and 3rd grade room is as follows:

Betty Lee Vallad and Richard Nelson, A average; Marjorie Chappel, Mary Esther Skingley, and Patricia Wendt, A and B average.

In Miss Cook's room the pupils are making witches, pumpkins, and cats which are to be used in the gym for the High School Halloween party Thursday night. This class is also having a party Thursday, to celebrate Halloween.

Junior Carlson had the best marks for this month and Gwen Ahman had second best.

A new aquarium is being started by the class of Miss Fahler's room. The pupils are bringing in fish, pollywogs, etc., to add to the collection.

Brighton Argus: Too much politics hurts everyone.

Egg Regulations  
Deferred 60 Days

Egg grading regulations recently promulgated by Commissioner of Agriculture James F. Thomson, to become effective Nov. 1, will not become effective for at least 60 days, the Commissioner announced today.

Meanwhile Thomson is working on a plan whereby he hopes to enforce the egg grading regulations without charging a service fee from those who deal in eggs, a plan recommended to the department by a committee representing producers, consumers, wholesalers and retailers of eggs. Thomson believes the present force in the department of agriculture can possibly enforce the regulations without the service fee charge.

The regulations call for grading the weight and grade to be stamped on all packages sold to the consumer. The regulations which were to become effective next month call for a \$3 fee for all retailers handling eggs and a \$25 fee for all wholesalers.

Eggs may still be sold under the new regulations by the dozen. Commissioner Thomson revealed in answer to hundreds of inquiries that are flooding his office, but retail packages of eggs must carry the net weight and grade in letters not less than one-half inch in height. The egg ruling issued some time ago by the Commissioner has been misinterpreted by many throughout the state.

"This is simply an advanced step in the marketing of Michigan farm products and will be a great benefit not only to the producer but to the consumer as well," Commissioner Thomson said. "At the same time those who deal in eggs should benefit materially by the rulings, Commissioner Thomson stated."

"The average housewife would not consider buying bananas by the dozen today, knowing well that bananas vary in size to such an extent that purchasing by weight is the only fair method. The same should apply to eggs. No doubt most eggs purchased by the consumer will be in packages containing one dozen, but will be graded with the weight stamped on each package. This is only fair to all concerned."

## Scallops Related to Oysters

Scallops form a group of bivalves related to the oyster. The two shells are shaped like fans, usually marked with prominent ridges that radiate from the hinge, and the edges are undulated. They are found along our Atlantic shores. The central muscle is the edible part; the season is October to March.

Legion  
Jottings

Thursday evening the Drum & Bugle Corps practiced on several new pieces and will be ready to play them on their next parade.

Monday evening, although not a full Corps was out to practice, those who did attend showed considerable improvement, which goes to show practice makes perfect.

There are some instruments available for ex-service men to learn to play and we will be glad to have you join our Corps. During the winter months you can practice with the Corps and be ready in the spring for our activities.

The Corps go to Gaylord tonight to represent Grayling and play for the Potato Show held in our neighboring city. A representative from Gaylord requested that our Drum & Bugle Corps play for this occasion. So the boys are going to represent Grayling, the Home of Winter Sports.

It was decided Monday evening at a short business session of the Corps to put on an Indoor Carnival one night each month for four months, at the American Legion hall. So watch for future dates and be prepared to come and enjoy yourselves and take away a prize.

Our Feather Party opened up last Saturday evening and although not largely attended, we hope to have better crowds for our future parties. Ladies are welcome to attend. These parties will be held each Wednesday and Saturday night until Thanksgiving.

Have you joined the Legion ranks yet? If not Buddy, get your dues in now and help the boys put across their program for the balance of this year and next. It is the duty of every ex-service man to belong to some soldiers organization and why not the American Legion?

It has been decided by the American Legion to observe Armistice Day Monday, November 11th, with a parade and a program. A committee has been appointed to go ahead with the details, with Comrade J. L. Martin appointed chairman. You can rest assured they won't fail.

## Germans Close to Paris

The Germans penetrated to about 25 miles from Paris, but their big guns were not moved so close. The first big gun that opened on Paris was 30 miles away. There were many German troops between the guns and Paris, but the guns had a high angle of fire, the projectiles falling like rain on the city.

## Overcoats for Every Need . . .

Whatever your overcoat requirements may be—there's a  
Curlee model and a Curlee fabric to fill the bill. Never  
before, we believe, has any merchant been able to offer such  
a selection—or such VALUES—in high quality yet modest-  
ly priced overcoats.

Like all the clothes that bear the Curlee name—Curlee  
Overcoats are styled in the modern manner by the coun-  
try's leading designers. They are tailored from only the fin-  
est of selected fabrics. Into them is built all the quality at  
the command of Curlee's skilled craftsmen. The results  
speak for themselves in these good-looking, comfortable,  
long-wearing coats.
